<b>First Aid</b>	Are first aid kits available at Lanyon Homestead?	4		
	Is there a trained first aid officer at the venue?	4		At least one of the Presenters of all programs holds a current first aid certificate.

Hazard/Risk Description (task /activity)	Potential Hazards/Risk likelihood and consequences. (risk of event happening)			Risk Value	Control Measures (recommended controls)	Date Controls Implemented
	Likelihood	Consequences	Exposure			
poor weather – part of this program takes place outside, so excessive sun, rain and cold are occasional factors	quite possible	noticeable	rare	- 2 very low	Prior to the visit, the school is informed of the necessity of slip/slop/slap and/or warm clothing, whichever is appropriate. In case of inclement weather, the outside part of the program can take place indoors.	These controls have always been part of this program.
risk of falling/tripping on narrow stairs	conceivable but very unlikely	noticeable	very rare	- 44.5 very low	Students are warned of the risk. Sensible behaviour on the stairs is expected and insisted upon. Students are directed to hold the banister.	
risk of burns from hurricane lamp or candle	conceivable but very unlikely	noticeable	very rare	- 44.5 very low	Only the staff member handles the lamp or the candle. The lamp and candle are only lit when in use. When not in use, the flames are put out and the lamp and candle put out of reach. (The possible dangers of hurricane lamps is part of the program.)	
risk of bumping head on low lintels	unusual but possible	noticeable	occasional	6.5 low	This generally only applies to the teachers and other adults with the group, as the students are too short! The group is warned of the risk.
